

DECLARATION

Used Drywall That May Contain Asbestos
(or has no documentation but must sign a declaration)

Being disposed at AC Disposal 34450 Vye Rd Abbotsford V2S 7P6

1. I the signer declare I will pay all fines and costs associated with this used drywall waste.
2. I the signer declare that the used drywall is properly packaged; no more than 15 kg of used drywall are in a clear 6-mil poly bag then sealed by twisting the top of the bag and putting duct tape on the twisted top to seal the bag. Then put the sealed bag in a second 6 mil clear poly bag and seal by twisting the top of the bag and putting duct tape on the twisted top to seal the bag. The bags are marked **DO NOT OPEN MAY CONTAIN ASBESTOS**.
3. The signer declares there is no hazardous waste other than it may contain asbestos in the used drywall.
4. The signer will pay all cost plus 20% for the clean-up of the customers waste if applicable.
5. The customer will put the used drywall that is properly packaged in clear bags, into a bin or super sac then it will be marked **DO NOT OPEN MAY CONTAIN ASBESTOS**
6. Cameras are on site for safety, documentation and security.
7. Cost for disposal is \$0.40 per kg plus \$40.00 registration and tipping fee.
